

Versa Light® LED Upgrade Kit

Stop Replacing Bulbs and *Go Green!*
Switch to long life sustainable LED's

Up to
85,000 Hours
LED Life!

Effectively converts your existing
halogen bulb Versa Lights® to new
long life LED's

Upgrading your current Versa Lights® to long life LED's
SAVES ENERGY and REDUCES MAINTENANCE!

LED Versa Light® Features –

- Uses 2/3 less energy
- Up to 85,000 hours expected lamp life. Airflow equals lamp life, and our patented airflow design offers the longest lamp life of any competitive dock light
- Easy on the eyes - Specifically engineered to maintain the same color temperature as the halogen bulb Versa Light®
- Light Output – 10 LED head configuration – effectively illuminates the entire 8' X 53' trailer space (not just a spotlight)
- Suitable for food grade applications
- **Upgrade Kit includes the LED light head assembly, flex tube and conversion board** and takes only 15 minutes to install

Part #VL8062 for 115V Versa Lights® (other Voltages available)
