Stop Building Damage!

Eliminate impact shock with advanced pneumatic technology

Protect your building with the Pneu Dock Bumper by DL Manufacturing. This innovative design provides a pneumatic stop using a rotational molded blend of polyolefin plastic. This rugged material can withstand the constant abuse of dock collisions. Our advanced pneumatic technology eliminates impact shock and releases impact energy via a pressure relief valve while minimizing load on the building. A steel faced positioning stop is included.

Benefits

- Eliminates impact shock
- Easy to install
- Maintenance free
