# Versa✦Light®

PATENTED

## The Best Technology in Truck Lighting

**Versa Light® XL**
Superior Extended Bulb Life
**75% Longer**

**Proper lighting can increase safety and minimize product and trailer damage– saving you money!** Versa Light's® advanced technology illuminates the entire trailer. Its versatile multi-position flexible tube resists overhead door impact. Versa Light's® computer fan cools the bulb for extended life.

OLD TECHNOLOGY

*Old technology truck lights are prone to damage from overhead doors and fork lifts.*

NEW TECHNOLOGY

*Versa Lights® unique flexible tube design withstands sudden impact, and easily adjusts to any position.*
**Versa Light provides twice the light of old technology dock lights.** The difference between old technology dock lights and Versa Light® is like the difference between night and day.

OLD TECHNOLOGY

**FAN COOLED**

## Model 420X Features –

- Extended bulb life
- Easily Positioned
- Durable Construction
- Fan Cooled
- Circuit Breaker Switch
- Grounded Plug
- Stainless Steel Flexible Tube
- Welded Steel Housing
- Protective Bulb Shield
- Spring Mounted Bulb with safety lens
- **Model 421X –** coated bulb required in many food manufacturing or distribution locations.
- **Model 470X –** 277 volt
- International Models Available

## Options –

- **Mounting brackets –** to mount to any round pipe bollard (includes clamps).
- Versa Light® can also be automatically activated by SafetySignal™ or Smart Chock™.

## Product Specifications–

- 115/1/60 Voltage
- Amperage Draw 1.4
- 117 Watt Low Voltage Halogen Bulb
- Adjustable/Flexible 42" Tube
- Step Down Power Transformer
- Computer Fan
- Circuit Breaker Switch
- Pre-drilled Holes for easy installation
- One Year Warranty (bulb excluded)
- E.T.L. Listed

**Air Flow**

**Twice the Light Output**

**Withstands Sudden Impact**
