K-Guard

Introducing the K-Guard — The perfect way to protect your door tracks from the costly damage of common mistakes.

The K-Guard by DL Manufacturing is specifically made for MxV and PxV style knock-out dock doors. It is designed to reinforce and protect the most commonly impacted areas of door track. This product is simple to install and will enhance the functionality of the dock door by protecting your door track.

K-Guard Features:

- Quick and Easy to Install (Fasteners Included)
- Fits over the top of the existing track, takes up minimal footprint, can often be used in concurrence with protective bollards
- Highly visible powder-coated yellow, 11 gauge steel, provides a clean look and protects the PVC track
- Standard height is 3'H but alternative lengths can be ordered
- Each 3'H section weighs 8lbs
